## ABOUT GEORG ROSKE

What counts for Georg Roske is Now. With his camera he captures a moment and a feeling, which instantly becomes perceptible for the beholder of his images. Georg Roske's work is about authenticity, which is always radiated by himself and his pictures. Georg Roske takes his pictures intuitionally and spontaneously but still the „perfect moment" must be well calculated. The application of the correct photographic technique is one thing but what makes Georg Roske's pictures so unique, is his sensitivity for light, people, moods and the team surrounds him. Georg Roske is specialized in lifestyle, interior and portrait photography. Since 2016 he is offering aerial and underwater photography, too. His photographs appear in numerous blogs, magazines or Advertorials, or campaigns. Recent clients are Allianz, Volkswagen, Thomas Cook, Skoda, Universal Music, Nike Germany and Deutsche Telekom.

He was born in Leipzig in 1983 and studied Visual Communication at the University of Arts Berlin. Georg Roske is a father of two beautiful girls and married to Vera Albers. He is based in Berlin.
